

Setting the Context for Immigrant Health Care in Alberta

All CHNA Alberta members are invited to register for a complimentary Webinar on Cultural Competence

- January 17th from 4:30 – 5:30
- Via Web/Phone (details upon registration)
- Complimentary for 2012 CHNA Alberta members

Join us for the first of a two-part series on cultural competence in Community Health Nursing.

Presenter: Dr. Linda Ogilvie has dedicated her career to international and intercultural nursing. She has worked and lived in Papua New Guinea, Nepal, and Ghana. Her current research focus is the *New Canadian Children and Youth Study*, an interdisciplinary survey of the well-being of immigrant and refugee children and youth in six Canadian cities. Linda is currently the Co-Director of the Prairie Metropolis Centre and has been a member of the University of Alberta Faculty of Nursing since 1983.

Format: Presentation followed by a question and answer session.

Purpose: To apply evidence-informed decisions to community health practice

Objectives:

- To enhance awareness of immigration patterns in Canada and Alberta
- To share research findings and issues related to immigrants and the determinants of health
- To introduce the concept of cultural safety and relate it to clinical practice in community health nursing.

Join CHNA Alberta colleagues from across the province for this dynamic interactive online workshop as part of your 2012 CHNA Alberta/CHNC membership.

Registration: Return information below to chnalberta@shaw.ca by Jan 10/12 at noon

- CURRENT 2011 MEMBER
- NEW MEMBER/RENEWING (complete 2012 membership form/pay at www.chnalberta.ca/membership)

Name: _____
